Foreword

We aim to educate the role players to identify risk and regularly assess and apply recommended mitigation strategies.

As consultants we need leadership to understand risk and stay abreast of the latest technology to reduce and eliminate risk.

The first step is an honest review of existing contingencies.

Our Vision

To inculcate a culture of constant risk assessment and protection enhancement.

Our Mission

To provide the tools for corporations and individuals to understand risk and to become educated on the best and most sustainable methods of mitigation

SecuriConsult wants to understand your unique needs and minimize your Risk

Securi - Consult derived from security and consultation with emphasis on consulting before solution or product choice.

A comprehensive Security Risk Assessment place's you in a position to start making informed security decisions and choices.

Remember the best laid plans must be reviewed regularly to keep your property and assets adequately protected.

We cannot solve our problems with the same thinking we used when we created them" - Albert Einstein

Why choose SecuriConsult

We are an independent Risk assessor and provide, honest, in depth examination and interrogation of your risks and needs.

We want to equip our clients with the best information to make informed decisions and take appropriate mitigation measures. These are designed around the client's security budget.

Independence

Independence is critical as it allows for comprehensive, unbiased reporting.

As an Independent Security Risk Assessor, SecuriConsult's objective to find and expose weaknesses no matter what the implications.

Investigation

Investigations are thorough, detailed and leaves no stone unturned.

Investigation findings are confidentially revealed to the appropriate role players.

Confidentiality

Absolute confidentiality is guaranteed during every step of the process.

Every client is different and treated as such.
